

AN AGREEMENT

Has Been Signed by Warfield & Wilson and Forty-two Guarantors.

An Amicable Adjustment Within Reach if Guarantors and Citizens do Their Duty.

If a sufficient number of the persons who signed the guarantee will sign the agreement with Warfield & Wilson and the citizens will do their part, an amicable settlement of the power house guarantee question will have been reached.

The committee to secure the requisite number of signatures to the agreement report that they now have forty-two out of a possible sixty-two, leaving about twenty to secure.

Besides the securing of these signatures, another committee of citizens are to raise \$500, which amount, according to agreement, is to constitute a part of the \$2500, and is given by the citizens to promote a compromise and to assist Warfield & Wilson in putting up their new building rather than have condemnation proceedings brought by which the factory of Warfield & Wilson might be driven from the town.

The patriotic and progressive citizens of Rushville owe Warfield & Wilson this assistance, and receiving equal benefits from the locating of this great power house in our city, they owe it to the persons who were willing to sign the guarantee to raise this \$500 without a murmur, and it can easily be done. J. W. Tompkins, Dr. W. C. Smith and A. E. Smiley have been appointed as a committee of citizens to raise this amount by popular subscription. The citizens of Rushville should not be backward about contributing, but should make this great task of collecting this money as light as possible. What is the city's gain is yours.

A meeting was held last night and the committees reported and they were to continue their work, and another meeting will be held Wednesday night, by which time all the signatures will have been secured.

The agreement recites the circumstances under which the guarantee was signed, that the title to the north half of lots 84 and 85 is now demanded, and that it is desirable to obtain the title by amicable agreement and not by litigation.

In consideration of these things and \$2500, the firm of Warfield & Wilson are to erect a two-story, brick, steel-roofed building, 100x30 feet, and to remove their factory off of the desired real estate and make the traction company a warranty deed. The money is to be placed in one of the local banks and checked out by Warfield & Wilson as the building progresses. It is provided, however, that ten per cent. shall be retained until the building is completed.

Those of the guarantors, who have signed the agreement up to this time are as follows:

W. M. Frazee	James E. Watson
Alfred B. Flinn	Donald L. Smith
John Abernathy	John D. Megee
A. L. Aldridge	Lon Link
Lot Green	W. E. Havens
J. B. Schrichte	Frank Wilson
John Kelley	Will M. Sparks
C. F. Edgerton	Fon Riggs
J. L. Ashworth	E. B. Thomas
Homer Havens	Ben L. McFarlan
Geo. C. Wyatt	Nathan Weeks
John Blackledge	A. W. Tompkins
Geo. F. Moore	Bliss & Cowing
Gates Sexton	Frank H. Green
Edward Crosby	J. S. Beale
E. R. Churchill	R. H. Jones
Thos. M. Green	Ab. Denning
F. B. Johnson	H. A. Seaman
Claude Cambern	R. F. Scudder
Anna L. Bohanon	Alvan Moor
William J. Henley	Frank G. Mull

Warfield & Wilson affixed their signatures to the agreement this morning and those of the guarantors, who sign the agreement will be reported in this paper.

Owing to the unusual snowfall last winter, much anxiety regarding avalanches was felt in Switzerland during April, but no serious accidents happened.

A Freak Child.

The parents of a freak child are Mr. and Mrs. Henry Boone, of Jasper county, and the birth occurred on Friday, the 13th of the month. The babe, it is said, has only one head, but from the breast down is double, there being two trunks and four complete legs and feet. There are only three arms. The month seems to communicate with only one stomach. All parts of both bodies, however, are complete and both are males. The babe takes nourishment with its one mouth, and is strong and cries lustily, but the attending physician thinks it has faint chances of reaching maturity.

Both Sides Lose.

About 8 p. m. yesterday the jury in the case of Conoway vs. Drysdale returned a verdict in favor of the plaintiff for \$27.00. The case was decided in favor of the defendant before the justice of the peace. The cost of each side and the attorneys fees were much larger than the judgment so that both sides lost by going into court.

COAT STOLEN

Contractor Barnes, of Inter-urban Line, Loses Valuable Papers.

Contractor Barnes, of the firm of Ingleman & Barnes, who have the contract for building the road bed of the interurban line between this city and Indianapolis, while inspecting the progress of the workmen on the line, near this city, this morning, lost his coat, which contained many valuable papers and other important possessions.

Mr. Barnes had removed his coat and laid it on the ground, where it was exchanged by a fellow who had but a few moments before tried to secure a job. In place of Mr. Barnes' coat, the fellow, an utter stranger to everyone, had left his own, which was somewhat similar in color to that of Mr. Barnes.

The act was not noticed and the fellow easily made his escape. A thorough search for the thief was made throughout the surrounding country, but, up till noon, no trace of him had been found. He is thought to have come to this city, and the authorities are keeping a sharp look-out for him.

The Reason Why.

The reason why Manager McKay, of the Greensburg High School base ball team did not reply to the letter written to him by Manager Ong, of the local team, in regard to the arrangements for the ball game which was to have been played at Greensburg today, between the Rushville and Greensburg teams, has come to light. Greensburg did not want to play Rushville for the reason that the local team has found out that they have not been and would not play a strictly high school team. They also found out that the Rushville team would not stand for robbery either. They well knew that they could not play a strictly high school team and win, so they did not reply to Manager Ong, and scheduled with the North Vernon high school.

The Greensburg high school is losing its once good reputation and is gaining on which will forever ruin her chances of ever obtaining games with schools in this locality. Last year the Greensburg team robbed the home team in their game here through the work of their umpire, who boasted before he left Greensburg that he would see to it that Greensburg would not lose. Their team defeated the home boys this year in this city with a team composed mostly of semi-professional players, and they are said to have robbed the Shelbyville team of two or three games this year and last. People in this locality will stand for no such deals as this and the sooner the manager of the Greensburg school team understand this the better.

The mail order business of Chicago amounts to more than \$50,000,000 a year.

WILD ANIMALS I HAVE KNOWN.

Here you have the "I'll do all the talking myself parrot." Clubs, hotel lobbies, studios and sitting rooms are its favorite resorts, but it does not draw the line against the parks and street corners, though the policeman may draw that line for it. This animal is not dangerous, but it is wearing on the nerves. However, it has been known to cure many cases of aggravated insomnia.—New York Evening Journal.

THE NEW SCALE

Salaries for Rural Carriers to be Adjusted July 13.

Preparations are being made to re-adjust the departments and arrangements to conform with the new conditions brought about by the recent passage of a bill regulating the service.

A Washington correspondent to the Journal says that the new scale of salaries for rural carriers, to take effect July 1, is now being prepared under the direction of the postmaster general. The maximum is fixed by law at \$720 a year. This figure will be paid carriers serving on routes of twenty miles or more in length. The officials are finding it difficult to hit upon a scheme affecting carriers on routes less than twenty miles in length. Various plans have been suggested, but nothing definite has yet been decided upon. The only element that will be considered in all probability is mileage. It has been found impracticable to take into consideration the condition of the roads and the weather in various sections of the country. The indications are that on routes of sixteen miles or less than twenty, \$620 will be paid the carriers; routes twelve miles and less than sixteen, \$420, and on routes less than twelve miles, \$320 will be the salary paid.

Arrangements also are being perfected for the extension of rural free delivery during the coming fiscal year. On July 21, there will be available for the maintenance and additional routes about \$21,000,000. About \$3,000,000 of this large appropriation will be taken up by the increased salaries provided by Congress. In accordance with a provision in the postal appropriation bill, the number of rural free delivery divisions must be reduced from eight to six. This will necessitate the retirement of two of the inspectors in charge of divisions or their reduction in rank and salary. There is a possibility that two Wisconsin men may be affected by this change in the service. One of them is Jud Walker, of Escobedo, stationed at Chicago, and the other, former State Senator, W. F. Conger, in charge of the headquarters at Nashville. There is a possibility that Sam R. Rathbone, formerly stationed at Indianapolis, now in charge of the headquarters at Omaha, may be affected by this change in the service.

In addition to the designation of six division inspectors, the postmaster general is empowered under the law to enlarge the rural free delivery machinery by appointing additional route inspectors and special agents. New regulations governing the service will be promulgated on July 1. One of its principal provisions will be in relation to the agency privileges now enjoyed by carriers. Under the law carriers are prohibited from acting as agents or solicitors. They are permitted, however, to do errands for patrons on the routes.

TO CONTRIBUTE

Indiana Republicans to Assist Jim Howard in Appealing His Case.

At a meeting of representative Republicans at the Columbia club, in Indianapolis, Friday night, it was decided to contribute toward a fund that is being raised to prosecute an appeal to the Supreme court of the United States by Jim Howard, now under sentence of life imprisonment in Kentucky, charged with complicity in the murder of Governor Goebel.

Judge Henley, of this city, was present at the meeting. Among others present were Young Allison, editor of the Louisville Herald, and Judge R. C. Kincaid, "one" of Howard's attorneys. The Indiana men present included John L. Griffiths, Senator C. N. Thompson, Colonel H. B. Smith, R. E. Hawkins, A. A. Young, George B. Elliott, O. P. Ensley, W. L. Taylor, C. N. Williams, George Mull and Charles Remy, of Indianapolis, and John C. Wingate, of Shelbyville.

Judge Kincaid and Mr. Mr. Allison each made a statement of the situation in regard to Howard's case. They said that the major portion of the fund necessary to prosecute an appeal had been raised in Kentucky, but that several hundred dollars were still needed, and to secure the additional sum they were forced to turn to outside men whose sympathies were with Howard. Their presentation of the case made a deep impression on their hearers and before the meeting adjourned the money needed had been subscribed or guaranteed.

Judge Kincaid stated that the appeal would be taken at once in Howard's case. Howard has been sentenced to life imprisonment, and, while a motion for a rehearing of the case is pending in the Appellate court of Kentucky, an adverse decision is anticipated, and in that event the appeal to the Supreme court of the United States, the court of last resort, will be taken immediately. Howard's attorneys and friends are confident that the Supreme court will reverse the decision of the Kentucky courts.

In the case of Caleb Powers, who is under sentence to death for complicity in the Goebel murder, an appeal will be taken to the Supreme court when the proper time comes. Judge Kincaid and Mr. Allison said, however, they did not believe they would be compelled to appeal for outside assistance in Power's case. They said that if they were given assistance in Howard's case they would take care of Power's appeal.

Adrian Iselin, the New York financier, yachtsman and society man, has taken out an accident policy for \$30,000. J. Pierpont Morgan carries about the same, and George Gould took heavy insurance to last while he made his recent 10,000-mile tour over his railroad lines.

TESTIMONY

Dr. William Gillespie Gives Interesting Evidence in Rising Sun Trial.

Assures Himself that it Would Have Been Impossible For Brother's Gun to Have Killed Their Sister.

Rising Sun, Ind., May 21.—The evidence in the Gillespie trial is followed with close interest by the crowds which continually throng the courtroom. There was much subdued excitement when Dr. William Gillespie of Cincinnati was called to the witness stand. He is a brother of James Gillespie, Mrs. Seward and the murdered girl, and he and Myron Barbour married sisters. Dr. Gillespie was on the stand for several hours. He gave at great length experiments made by him to establish that the murder was not committed by James Gillespie's 16-gauge choke-bore shotgun. The testimony was allowed to go to the jury with the understanding that no experiment that did not have a human head to be penetrated by the shot could be similar to the fatal shooting. The doctor had placed two targets to represent the height of Elizabeth Gillespie's head when she was shot, and of the shot area on the west wall. The distance between these targets was also the same as between Miss Gillespie's head and the wall. By firing a gun like James Gillespie's gun, he found the shot at the first target scattered seven inches and at the second target nine and a half inches. A musket scattered fourteen inches and 24 1/2 inches. An old horse-pistol, 16-gauge, 18 inches and 24 1/2 inches, while the shot from the murderer's gun scattered 30 1/2 inches on the west wall, equivalent to the second target. From this he concluded that James Gillespie's gun could not have been the weapon used in killing Elizabeth Gillespie.

HAIRS IN EVIDENCE

Microscopic Test Admitted in Evidence in Schafer Case.

Bedford, Ind., May 21.—The state continues to hurl missiles from its heaviest guns in the trial of James McDonald, charged with the murder of Sarah Schafer, the Bedford school teacher. Probably the most important witness yet called was Dr. Gardner, who gave expert testimony concerning the hairs found in the dead hand of Miss Schafer and eight hairs cut from the mustache of McDonald by a barber. What effect these hairs will have on the jury is problematical. If they have the effect the prosecution desires they will go a long way toward proving McDonald guilty.

Dr. Gardner testified that he was a member of several microscopic societies and that he had a complete set of instruments. He examined the hairs cut by a barber from McDonald's mustache, he said, and compared them with two of the hairs found between the fingers of Miss Schafer.

The two hairs from between the fingers of Miss Schafer, said the expert, were evidently from the mustache of a man, while others, which were long and fine, more resembled hairs from the head of a woman, although they might have been from a man's head. The witness said the two short hairs found in Miss Schafer's hand were similar to those taken from McDonald's mustache presented by Barber Kennedy. In the opinion of the witness the mustache hairs all came from the same face, while the others showed a difference in length and color.

On cross-examination Dr. Gardner said that there was a possibility that the mustache hairs were not from the same face and admitted that dead hairs would shrivel. The defense conducted a rigid cross-examination and strongly brought out the fact that the doctor could only pronounce a positive perfect resemblance between two of the hairs cut from the mustache by the barber and those found in the dead girl's hand. The hairs were admitted as evidence after strenuous objections by the defense, which claimed the hairs taken from Miss Schafer's hand had been sent to Louisville for examination and that there was no proof that those offered in court were the same.

Roth Was Acquitted.

Boonville, Ind., May 21.—"Not guilty" is the verdict in the Roth-Keeler murder case, returned at 7 o'clock last evening, after the jury had been out less than half an hour.

High Diver Not Killed.

The Richmond Palladium says that it was widely and wildly rumored Thursday that Kearney H. Speedy, the high diver, had been killed last night by striking the water tank in making one of his famous dives. There is absolutely no truth in the story. Speedy is with the Ferrari Bros. show, who are exhibiting this week under the auspices of the Red Men, and furthermore he did not make but one dive so far this week on account of the high winds. It is not known how the story was spread or how it got out at all, as it is entirely false. Speedy is well and will make his dive tonight if possible.

Deaths.

John Creekmore, son of Allison Creekmore, aged about 48, died at his home on Eighth street last night of lung trouble, and will be buried at East Hill Monday. Funeral services will be at the house at 2 o'clock p. m., conducted by Rev. W. W. Sniff.

Church Union Proposed.

The General Conference of the Methodist Protestant church convened at Washington yesterday. About 200 delegates were in attendance. Church union between the Methodists, Congregationalists and United Brethren was the burden of the opening address of Rev. D. S. Stevens, of Kansas City, Kan., president of the conference. This question undoubtedly will be the important consideration of the eight days of the conference.

Fell With A Crash.

Some brick up over the middle window of the second floor of the building on the corner of Main and Second occupied by Cassidy & Cox's shoe store fell out this afternoon, striking the veranda with a crash. The veranda prevented any casualties, sheltering the people below on the side walk, so that what might have proved a serious accident was luckily averted.

MEANS BUSINESS

Uncle Sam Going After an Infamous Morocco Bandit.

Washington, May 21.—Rear Admiral Chadwick has been ordered to send as soon as possible a warship to Tangier, Morocco, to demand the release of an American citizen named Perdicaris, who has been captured and taken to the mountains by the famous Moroccan bandit, Fraissoult.

Acting Secretary Loomis has instructed Consul Gummer by cable to act with the greatest vigor and demand of the Moorish government that it take the most sweeping measures to secure the release of Mr. Perdicaris, even if necessary to accede to the terms of the brigands. After consultation with Admiral Taylor, chief of the navigation bureau, the naval measures resolved on were strengthened considerably. Admiral Chadwick, when he reaches Fayal in a few days, will receive orders to proceed with the whole South Atlantic squadron to Tangier, while Admiral Jewell, with the newly formed European squadron, who is about three days behind Admiral Chadwick, will be ordered to follow to Tangier if the emergency still exists.

Carling for Captives.

Tangier, Morocco, May 21.—Raisuli, the brigand chief who captured Messrs Perdicaris and Varley, has sent a number of his men to obtain bedding and linen for the prisoners. Mohammed El Torras, the representative of the sultan at Tangier, is negotiating with Raisuli.

THE INDIANA PLAN

Prevents Such Exhibitions as Illinois and Wisconsin Have Witnessed.

Indianapolis, May 21.—The result of the Republican state conventions in Illinois and Wisconsin are viewed with considerable alarm by the Republican leaders who participate in the national political game. They don't like the appearance of things, although they are not ready to admit that the trouble will lead to the loss of the tickets in the two states. As to Wisconsin, it seems that many leaders, including Chairman Goodrich and Secretary Sims of the state committee are more in sympathy with Governor La Follette than they are with the bolters, who are led by Senators Spooner and Quarles. Goodrich and Sims made trips into Wisconsin last summer and are confident that the rank and file of the Republicans prefer La Follette. It is being pointed out by the Republican leaders here that in Indiana such a condition of affairs as now exists in Illinois and Wisconsin would not be possible, inasmuch as the governor is not permitted to have a second term in succession in Indiana. The trouble in Illinois seems to be the result of the efforts of Governor Yates to extend his service through another term, while in Wisconsin Governor La Follette is seeking a third term. The party leaders here say that the Indiana system of giving but one four-year term is much better for party harmony as well as good government.

A new era in the progress of the interurban electric road business was noted here today when a massive but elegant car was moved slowly through the downtown streets. It was one of the first interurban sleeping and parlor cars constructed. It is to be the interurbans what the Pullmans are to the steam roads. It is equipped for long trips, and it is probable that the first service of the kind in the country will soon be established between here and Dayton, O. The cars are geared to a speed almost equaling that of the steam road flyers, and it is declared that it will only be a question of a comparatively short time until the interurban sleeping-car service will be general. Another innovation for interurbans will be introduced Sunday, when there will be a big Sunday excursion to Chicago in conjunction with one of the steam roads.

The William Randolph Hearst movement in Indiana is not to be dropped merely because the delegation was instructed by Judge Parker. The palatial headquarters at the Claypool hotel have been closed, but another headquarters has been opened in the Newton Claypool building, where the Hearst Indiana literary bureau was located. J. Oscar Henderson is to remain in charge of the headquarters, and the fact that he will have one or two assistants all the time is regarded as an indication that Hearst does not intend to let up in Indiana. It is rumored that there will be one or two Hearst specials from Indiana to the St. Louis convention or the purpose of showing to the crowd that Indiana is not entirely for Parker in spite of the action of the state convention.

Chairman Goodrich of the state committee went to Chicago last night on private business, but he will probably complete arrangements for headquarters for the Indiana delegation. It is the understanding that the Hoosier delegates will have headquarters at the Auditorium Annex, but many of the leaders will stop at other hotels. There promises to be an unusually large delegation from this state, and while there is no definite movement, it would not be surprising if the Indians should launch a presidential boom for Charles W. Fairbanks for 1908. It is understood that arrangements will be made for three or four special trains for the Indiana politicians to Chicago.

GATHERED THEM IN

Seventy Prisoners Taken Out of New York Poolrooms.

New York, May 21.—Simultaneous raids on twenty-two alleged poolrooms and poolroom exchanges were made here by the police, acting under orders from Police Commissioner McAdoo. Axes, hammers and crowbars were used at many of the places to batter down specially constructed iron and steel doors and to gain entrance through barred windows. Less than an hour was spent at the work and police officials are highly pleased with the results. Seventy prisoners were taken and many telephones and telegraph instruments were confiscated, besides a number of books and racing charts that were found in the rooms.

Whistling for His Pay.

Dublin, Ind., May 21.—Peter Sloat served ninety-four days as flagman at a Panhandle crossing, but the company declined to pay for his services. Now he has brought suit against the town corporation to recover \$94 and costs of litigation, the town board refusing compensation on the ground that it did not employ him.

Ready to Receive Ambassador.

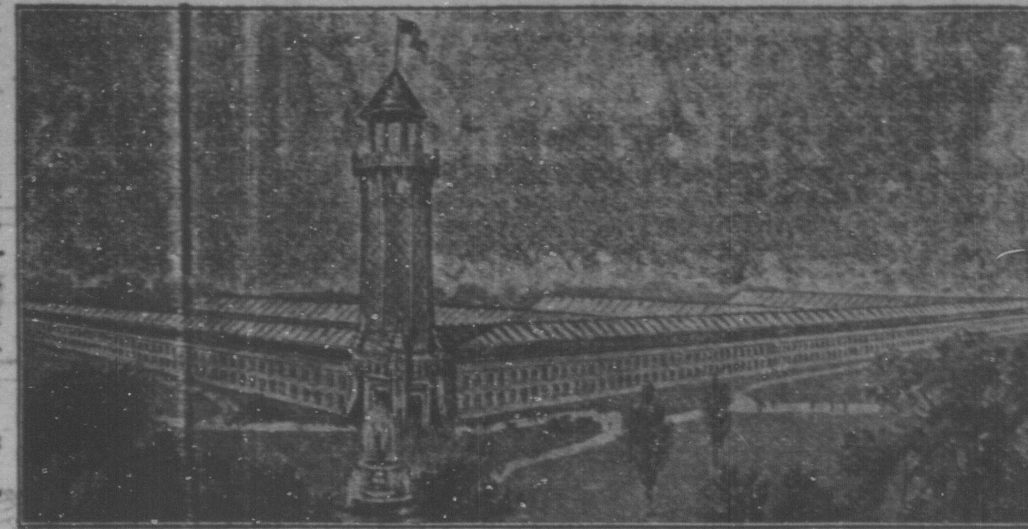

St. Petersburg, May 21.—One of the first official acts of the emperor on his return to St. Petersburg will be the reception of Sir Charles Hardinge, the British ambassador. The ambassador has been notified and will be ready to present his credentials on May 23.

Washington, May 21.—Statistics collected by the Indian school division of the Indian bureau show a total enrollment of 27,662 children in the Indian schools and a total average attendance of 25,432. This is a gain of 802 over last year and of 490 in attendance.

FINE OPPORTUNITY

For World's Fair Visitors—Rev.
Julius F. Schwarz Prepared
to Secure Low Rates
for Excursionists.

[From Connorsville Courier.]

Rev. Julius F. Schwarz, of Connorsville, Ind., has effected arrangements with the Visitors' World's Fair Hotel Management, of St. Louis, for special care and protection of anyone that would be pleased to attend the fair, and having no relatives or friends to care for them upon their arrival.

He has secured a special rate of \$21.00 each for a party of 50 or more, whom he will accompany through to the named hotel, having headquarters in the hotel for the week, leaving Connorsville, Tuesday morning 10:17, June 14, over the C., H. & D. R. R., arriving in St. Louis about 7:15 p. m. without change of cars, returning the following Monday evening arriving home the next morning.

This rate covers the railroad fare from Connorsville to St. Louis and return, six days' hotel accommodations, 14 meals (breakfast and supper each day and the noon meal on Sunday), and free delivery of baggage to the hotel, which is situated only three squares from the Wabash depot, near Main World's Fair entrance, avoiding expense, delay and in convenience of crowded street cars. For parties wishing a shorter or longer stay a correspondingly low rate will be made.

Excursionists desiring to avail themselves of the ample accommodations herein named and wishing to join the excursion party at other points along the named road, can do so by forwarding the amount defraying hotel expenses, \$13.80, within the next two weeks to Rev. Schwarz, who will promptly arrange for the desired accommodations, which must necessarily be secured in advance, and will be helpful in every way free of any charges.

Rates can be secured at any time from Rev. Julius F. Schwarz by letter, or calling or phoning 324 Headquarters, First National Bank, Connorsville, Ind., or address W. O. Collins, T. P. A., C., H. & D. Ry., Hamilton, Ohio.

A NEW REAL ESTATE, LOAN AND INSURANCE AGENCY

"Confidence is the Pride of the Nation"

I want my friends to have confidence in my ability to carry on this new business in an honest, fair and honorable way. I have used great care in selecting the best of old line fire and life insurance companies, and I expect to use the same care and judgment in placing policies with my customers. My Real Estate and Loan business will be carried on in the same manner. Fair and honest treatment to all. Below you will notice the names of Fire and Life Insurance companies, also a list of some property and farms for sale:

The State Mutual Life Assurance Co.

of Worcester, Mass.

has been in active business over 60 years. It is liberal in its contracts, safe in its investments, prompt in payment of claims and pays under the Massachusetts State law, cash value on lapsed policies.

The old Phoenix of Brooklyn for fire, storm and tornado is safe and pays 100 cents on the dollar.

JAPS GOING SLOW

Recent Developments at Port Arthur Put Check on Their Operations.

CHANNEL IS REOPENED

This With Destruction of Two Warships Has Exerted a Deterrent Influence.

No Confirmation of Reports of a Big Land Battle at Feng Wang Cheng.

London, May 21.—Nothing in the dispatches received in London regarding affairs in the far East reconciles the discrepancies between the Japanese and the Russian official accounts of Japan's naval disaster. One Tokyo report says the battleship Hatsu was destroyed by two mines chained together. Vice Admiral Togo's suggestion that it was the work of submarine boat is considered extremely probable. It is recognized on all sides that the fact that the Port Arthur channel has been reopened and the proved dangers of the navigation of these waters must put a great check on Japanese landing operations. A Tien Tsin correspondent states that five Japanese transports bound for Dally were obliged to return to Maji on this account.

Regarding land operations, there is no confirmation of the rumors that a big battle has been fought in the neighborhood of Feng Wang Cheng. The view held here is that, after testing the strength of the Russian position at the Mao Tien pass, General Kuroki made an orderly retirement, and that his flanking movement in the direction of Mukden continues.

On the other hand, a correspondent at Mukden claims that the Russians are now fully aware of the Japanese plans of attack. The uncertainty which has hitherto characterized the Russian campaign has ceased, the correspondent says, and severe fighting is imminent. A correspondent at New Chwang says he hears that a clever strategical flanking movement has been executed by the Russians threatening the advanced position of the Japanese east of Liao Yang, and compelling them to retire on Feng Wang Cheng.

A New Chwang correspondent asserts that the Japanese are now able to land anywhere on the western coast of the Liao Tung peninsula without serious opposition from the Russians.

WEATHER CONDITIONS

Have Been Particularly Unfavorable to Spring Trade.

New York, May 21.—Bradstreet's weekly review of trade today says: Weather conditions are still the apparent drawback in the trade and crop situation. Temperatures have been too cool to allow of free distribution of spring and summer goods at retail, and they likewise retard germination and growth of crops, though permitting good progress in seeding in various sections of the country. In jobbing circles the feeling is that the spring trade is past and gone, and efforts are now concentrated on fall business, reports as to which are fairly good, though not equal to a year ago. The industrial situation is rather quieter, but the most serious strike of the year, that of masters and pilots of lake vessels, continues with no prospect of settlement. This has practically killed transportation on the lakes and the coal, ore and grain trades exhibit the effect of the stoppage of lake traffic. Railway earnings show recessions from last year.

WILL TRY IT AGAIN

Illinois Republican Convention Adjourns for a Breathing Spell.

Springfield, Ill., May 21.—All candidates for governor before the Republican convention agreed yesterday to an adjournment until one week from next Tuesday. The last ballot taken was the 58th, and resulted in no important changes. When the convention broke up the delegates rushed from the hall, cheering the band, which began to play "Home, Sweet Home." Candidates and delegates lost no time in getting out of town. All of the headquarters in the Leland hotel were closed. The candidates before leaving all expressed themselves as being well satisfied with the recess.

It seems to be the general opinion that there is no advantage or disadvantage in it for any of them. The plans of the candidates for the interim have not been disclosed, but their energies, it is expected, will be devoted chiefly to keeping their forces intact.

Of the four great lumber districts of the United States, the Southern pine region stands first. In it are 43 per cent. of the saw mills and half the lumbermen.

MAKING GOOD SHOW

Indiana's Rural Schools Exhibit Attract Attention at World's Fair.

AS GOOD AS THE BEST

State Department of Public Instruction Paid Particular Attention to This Class of Exhibits.

Among the Most Attractive Features of the Display Made by Indiana.

Indianapolis, May 21.—The exhibition from the rural schools of Indiana is attracting much attention from the educators at St. Louis, according to State Superintendent F. A. Cotton, who has been in St. Louis arranging the display. The rural school exhibits, he says, are more artistic and more nearly complete than are the like exhibits from other states. By tonight the Indiana exhibit will be completely arranged. It is among the first to be put in place.

Deputy State Superintendent McTurnan and Superintendent Millis of the Crawfordsville school, are doing the final work in putting up the exhibit. It will be at least a month before the school exhibits are all in place. The exhibits from the counties of Benton, Laporte, Porter and Knox are regarded as among the most attractive features of the Indiana display. The department of public instruction paid particular attention to the exhibits from the rural schools, leaving the trained teachers in the city schools to do their own work. Mr. Cotton says that the exhibits from the Indiana cities are equal to those from the cities of other states.

WOMAN IN THE CASE

Benson Worried Himself Insane Over Baseless Charges.

Kokomo, Ind., May 21.—Not until the funeral party accompanying the body of S. T. Benson, the Kokomo man who committed suicide at Independence, Kan., arrived in this city, were any of the particulars known concerning the motive for the deed or the method by which his suicide was accomplished.

There seems to be a dark story back of the suicide. Benson left a note to his wife, stating that a conspiracy was on to blackmail him, threatening him with disgrace and charging him with a criminal act of which he was entirely innocent. He said he saw no escape save in self-destruction; that he had been harassed, threatened and worried until he could stand it no longer, and that he had determined to end it all by taking his life. Investigation of the suicide made by lodge friends in Independence disclosed the fact that he had been having trouble of the kind indicated in the note, and that there was a woman at the bottom of it. It is said that Benson worried himself insane under the threats that had been made against him.

Richmond Hospitality.

Richmond, Ind., May 21.—Plans for the entertainment of the 2,000 delegates to the state Sunday school convention, which will meet in Richmond June 21-23, will be completed at a meeting of the executive and entertainment committees next week. The entertainment committee is composed of 100 members and it has begun the work of securing accommodations for visiting delegates. One thousand homes of Richmond people will be thrown open to the delegates and they will be cordially received by the citizens in general.

Killed a Tramp.

Cotesville, Ind., May 21.—Roscoe Havens, farmer living near here, returned home to find that his house had been robbed of \$40. Taking a shotgun he started out looking for the robbers. He encountered three tramps and demanded their surrender. One started to run and Havens shot him in the head, killing him instantly. The men are not believed to have been implicated in the robbery. Havens is under arrest.

Medical Association Officers.

Indianapolis, May 21.—The Indiana Medical association in convention here elected the following officers for the ensuing year: President, G. T. McCoy, Columbus; vice presidents, H. J. Hall of Franklin, C. T. Hendershot of Carrollton and E. J. Loring of Valparaiso; secretary, F. C. Heath, Indianapolis; treasurer, A. E. Bulson of Fort Wayne. The association will meet next year at West Baden.

Sensitive Girl's Suicide.

Marion, Ind., May 21.—Marie Bowser, eighteen years old, drank carbolic acid because her sweetheart, Martin Moran, failed to kiss her goodbye when he left her to go to work. The couple were to have been married in June. In spite of medical aid, the young girl died in thirty minutes. When Moran arrived home after hearing of the deed, he was prostrated with grief.

Vanderburg's New Courthouse.

Evansville, Ind., May 21.—The cornerstone of the new courthouse will be placed June 8 under the auspices of Masonic lodge No. 240. The grand officers of the Masonic order will officiate and great preparations are being made for the occasion.

ATTENTIONS TO PRINCE

Indianapolis Commercial Club Will Receive Heir to China's Throne. Indianapolis, May 21.—The attentions which have been paid to Prince Pu Lun, heir to the Chinese throne,

PRINCE PU LUN.

since his arrival in this city will be further marked by an elaborate reception to be given his highness by the Commercial club tonight.

BIG STRIKE ON

The "Open Shop" Is the Issue at Minneapolis.

Minneapolis, May 21.—Notice served on the Minneapolis trades unions leave them no alternative but to go on strike, 5,000 strong, Wednesday, May 25.

The open shop system will be started by the contractors allied in the builders' and traders' exchange at that time, they declare, regardless of what the unions do.

The officials of the unions say that as soon as a non-union man is put to work, all union men will withdraw from the job, even if every man must go out. The action of the employers is more severe than anyone outside of their organization had dreamed.

Covington Visited by Burglars.

Covington, Ind., May 21.—A series of burglaries has occurred in this city. Four stores and one saloon were entered. William Dennis, grocery; Thos. Coffing, hardware; Layton & Bilsland, grocery; James Merryman, butcher, and Berry Shuler, saloon. Merryman's loss is \$28 cash and a large amount of meat. The other parties report loss of cigars, tobacco and a small amount of money. No trace of the burglars has been found. The work shows that the parties were familiar with the stores.

THE INSIDE INN AT ST. LOUIS

An Ideal Place for Visitors Right Inside the Grounds. No Tiresome Journeys to or From the City—No Crowding—No Discomfort—Time and Money Saved.

No matter who you are or what you are; no matter if your purse be slender or otherwise, if you wish to see the World's Fair at St. Louis and enjoy every moment of your time, the best place to stay—indeed the only place to stay—is the Inside Inn.

The building of this splendid hostelry has marked a new departure in world's fair accommodation, it being the first time that the administration of any exposition has taken the question of the lodging and creature comforts of its visitors under its personal supervision. This the World's Fair Management has done. The Inside Inn has been built with the same lavish hand that has marked all other construction at St. Louis. It is three stories high, 400 feet wide, 900 feet long, contains 2257 bedrooms and can seat 2500 people in its dining-room at one sitting.

Every modern convenience obtainable has been installed and the comforts thus afforded enable visitors to enjoy the sights of the Exposition whenever they please and then go to their rooms for a rest without a long, tiresome journey to and from their lodgings. A great saving in time and money is consequently effected, as sight seeing can be begun directly after breakfast and continue late into the night, without any exasperating run for the "last car." No admission fee other than the first is required from those guests who remain within the precincts of the Fair at the Inside Inn.

The Inside Inn is run on both the European and American plans and the rates are exceedingly moderate, ranging from \$1.50 to \$5.50 European and from \$3.00 to \$7.00 American, including daily admission in both cases. The enormous capacity of The Inside Inn assures first-class accommodations for all—no matter when or in what numbers they come—but those who prefer to secure their rooms in advance may make reservation now for any period up to December 1st. A post card addressed to The Inside Inn, Administration Bldg., World's Fair Grounds, St. Louis, will bring you an interesting booklet, giving full details and plans.

"BEAUTIFUL WINONA."

Excursions via Pennsylvania Lines to that Pretty Resort.

With the opening of the season at Winona Lake, May 16th, the sale of excursion tickets over the Pennsylvania Lines to that attractive resort in Northern Indiana will begin. Every summer passed there by thousands has only increased their desire to return. On the golf links, the tennis court, the baseball or cricket grounds, the croquet field, or boating on the lake, fishing, camping, swimming, driving, or attending recitals and lectures by world-famed personages in the auditorium—Whatever the diversion may be, the associations are of that congenial sort conferred by good society. This resort is noted as the site of Winona Assembly and Summer School, attracting teachers and students from educational institutions of this and other countries.

Fifteen-day and season excursion tickets will be sold from ticket stations on the Pennsylvania Lines during the summer. For information about fares and time of trains, apply to local ticket agents, or to F. VAN DUSEN, Chief Assistant General Passenger Agent, Pittsburgh, Pa. Illustrated literature describing attractions of Winona Lake may be had for the asking. Address S. C. DICKER, Secretary and General Manager, Winona Lake, Ind., who will give particulars regarding camping facilities, hotel accommodations, program of addresses by noted speakers and other details.

The opinion that there ought to be some trees planted in the court house yard is general, and we believe the commissioners ought to take some steps toward having them set out.

Clean up the city. There are a number of paved alleys that are not any too clean, in fact, the health officer has so reported, and will take some action if the matter is not attended to.

Let's boom the town a little. The information asked by the firm in Wisconsin that is hunting a location for their manufacturing plant ought to be furnished and a committee appointed to look after it.

Dr. Geo. B. Jones, who is now stationed at Manila, favored this office with a copy of the Manila Times, which is very interesting and shows how rapidly the islands are being Americanized.

Percy Walker will start for the West today. After spending a day or so in St. Louis, he will continue on his journey to the coast. He will spend about a week in Colorado. He expects to be gone 50 or 60 days.

Four cases of fine wines and other liquors from Louisville, Ky., were transferred from the Pan Handle to the C., H. & D. here today. They were for Grover Cleveland and were carefully packed so as to prevent any breakage whatever.

Many years ago the statisticians of the pension office made careful calculations to show the number of survivors of the civil war for a series of years. They used as a basis of their calculations the mortality tables of the insurance companies, but were far out of the way. The old soldiers are dying off more rapidly than was expected. According to the estimate, the total number of survivors in 1902 should have been 930,380, while the pension rolls showed only 725,100. To the latter number should be added two or three per cent. to cover those who have never applied for pensions.

The Modern Woodmen will not move into their new room in the Poundstone building for about four weeks. Mr. Poundstone will raise the second floor for about three feet putting in new pine flooring, and will have the walls papered in a most up-to-date style. A double deck veranda will be built on the east side of the building reaching almost to the sidewalk.

The first Imperial Marine Band of Germany will be at Richmond June 1. This organization, considered the greatest band in Germany, has been allowed to come to America by Kaiser William II, as a representative military band at the St. Louis world's fair. The bandmen are all naval men, typical Teutons, bronzed by service in many foreign lands.

The Crescent Comedy Company presented the comedy, "Wanted, a Husband," last night to one of the largest audiences which has greeted them during their stay in this city. A matinee was given this afternoon and the last performance to be given in this city will be tonight. The piece is a thrilling Western drama, entitled "Jessie James."

Shelbyville Republican: We hope to see the farmer element of Shelby county well represented at the judicial convention at Rushville on next Tuesday. They can leave this city at 9:29 a. m. and return home in the afternoon of the same day. Hon. James E. Watson will be there and he will give the Shelby county boys a hearty greeting.

Officials of the Indianapolis & Northwestern railway and the Holland Palace Car company claim that records for overhead interurban rapid transit were broken on the trial run of the sleeping car Francis on the trip to Lafayette yesterday. On a five-mile tangent between Zionsville and the Marion county line a speed of seventy-five miles an hour was attained.

Greenfield Republican: Robert Krammes, of Rush county, was here today on business. He is quite a chicken fancier and raises the Plymouth Rock and Brown Leghorn breeds, as he thinks they are the best layers. He has 250 chicks hatched and 300 eggs set. He also has 250 hens, which average 75 dozen eggs weekly during the winter. He brought 50 dozen eggs to market today.

The "Old Missouri Harmony Singers" will hold their annual meeting in the Methodist church at Morris-town, Sunday afternoon, beginning at 2 o'clock. Along in the later thirties this class was organized with a membership of forty-five. Now there are only nine members—Mary J. Wolf, of Indianapolis; Cynthia Morrison and Nancy Wolf, of Greenfield; Mrs. Thomas Cotton, of Manilla; Mr. and Mrs. Woodyard and John Johnson, of Morris-town; Harrison Watts and Lemion Hack, living near Morris-town. The officers are: President, W. W. Woodyard; treasurer, John Johnson. Joseph Spurrier, who was secretary of the association, has died since the last meeting.

Mrs. Melvina Powell, of New Castle, but well known in this city, has arranged with the trustees of the Methodist Episcopal church at that place, to furnish the large east window which faces on 14th street in the new stone church now building. The window will be of art glass of beautiful design and will cost \$500. It is presented to the church, by Mrs. Powell in memory of her husband, Simon T. Powell, and will be known as the Simon T. Powell memorial window. An inscription on the glass will read: "Dedicated by Melvina Powell in memory of Simon T. Powell." Appropriate dedicatory services will be observed.

Several new dwellings are being erected in our city and several are being repaired and improved. G. G. Maury has his fine new residence on North Harrison street about inclosed, and J. H. Frazee is building a thoroughly up-to-date house on West Eighth street. John Winship has his new house on Fifth street started, and Sam Young's house is about complete. Dr. F. M. Sparks is adding a fine large veranda to his house on Main street, and Mrs. Minerva Muire is having her house overhauled and placed upon a new foundation. Dick Wilson is having his house changed both on the inside and outside. Several new cottages are being erected in the new addition and in fact all over town.

Dear Sirs:—You ask me to give my opinion of Raymond Dyspepsia Tablets and I can say that, "going to your store one day, I bought a dyspepsia remedy of another kind, you gave me a box of yours to try, I have used several boxes and since that time have gained 15 pounds and I give Raymond Dyspepsia Tablets all the credit."

Yours truly,
GEORGE S. SMALLEY,
R. R. 10, Rushville, Ind.

Rushville, Indiana, July 25, 1904.

Dear Sirs:

My wife has been subject to dyspepsia for a number of years and has tried various remedies, but never found anything so effectual as Raymond Dyspepsia Tablets; they relieve almost instantly and prevent attacks if taken before hand.

Yours truly
J. A. CRAIG
